KRIZEN

CODEOCLUE
THE COMPLETE GUIDE

CODEOCLUE

Greetings Everyone!!!

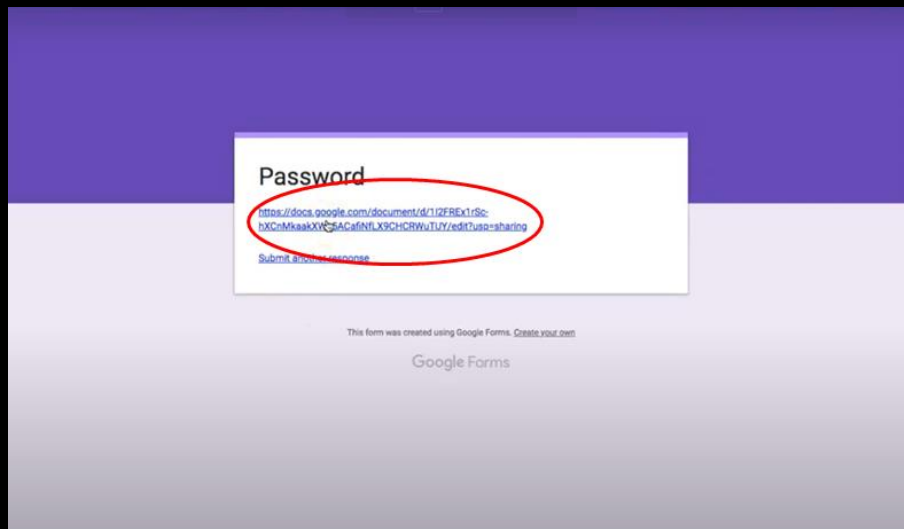

We are thrilled to have you in this event. Let's get started, on this wonderful experience.

This contest brings out your coding skills and your speed. Use your Coding skills, Time management to find the right question and code your way to the top.

CodeOClue is not just coding, it is a test to your brain in seeing the details which are hidden in plain sight.

General Instructions

- **5 gateways, 20 questions, and 5 clues** to find the hidden answer
- The total time of this event is **2:30 hours**. Each gateway will have exactly **30mins**.
- Only one question in a gateway has the **clue** and only **one test case** will be visible and that test case will give you the clue
- Once you submit the code in the HackerEarth click **YOUR OUTPUT** to view your answer or if it is a clue question that is your clue.
- You will be allowed to make only **4 tab switches** for each gateway to submit your clues in the Google forms.
- Along with the clue you should also **submit your code** which is used to solve the question in the Google form.
- **SUBMIT THE CLUES AS SHOWN IN THE HACKER EARTH CONSOLE**
- On submitting the clue and the code in the Google form you will get the link for the next gateway as shown below

- On Submitting the last clue, you will get a Google form similar to the way you got the gateway links to submit all the 5 clues and the final answer.
- In all the Google forms you can submit only once and all the 5 clues will be needed for validation of your answers.
- All the clues and code will be checked by the team before releasing the results, so be genuine in your answers.
- All the Google form link is available in this [sheet](#).

Event timings

September 15, 4:00 pm to 6:30 pm (15/09/2021).

We hope that you feel happy being a part of this event. If you have any queries, feel free to contact us at any time!
