COLLEGE OF ENGINEERING AND TECHNOLOGY

DEPARTMENT OF MECHATRONICS ENGINEERING

PRESENTS

KRIZEN

CAD FEST
THE COMPLETE GUIDE

CAD FEST

Warm greetings, from the team KRIZEN.

We are very delighted to have you at this event. So suit yourself and let's start this unique experience.

Cadfest will help you bring out the best designer in you and helps you boost your confidence by exploring your skills and competing with your peers.

The event will be conducted in **3 rounds**. First-round is an elimination round and the participants qualifying this round will advance to the next round and then to the final round.

ROUND 1:

- Round 1 commences on **13.09.2021 @ 12:00 PM.**

- The quiz round contains 30 multiple choice questions based on the basis of engineering drawing.

- You will have a time limit of 30 minutes, allowing you to submit in that specific period.

- If exceeded, the answer will be auto-submitted.

- This round will be an elimination round.

- This round will be conducted via HackerEarth portal.

- The link for this round will be sent to the participants' registered email ids, **3 days** prior to the commencement of this round.

- The qualifiers from this round will be awarded a participation certificate and will advance to the next round.

ROUND 2:

- Round 2 starts on **14/09/2021, at 10:00 am.**

- Qualified participants from the first round will be given two 2D drawings and will have to draft the same drawings.

- Submissions must only be in the .dwg file.

- The time limit for this round will be 2 hours.

- The submission of your drawings can be done via Google Forms (link will be provided via e-mail).

- The qualifiers from this round are ensured to advance to the next round.

ROUND 3:

- The Round 3 (final round) will be conducted on **15.09.2021 @ 09:00 AM.**

- The participants will be asked to develop the 3D model from the given orthographic views.

- The time limit for this round is 2 hours.

- The submission of your drawings can be done through Google Forms (link will be provided via email).

- Your file name must be in the below mentioned format:
  - **accesscode_SLD** for SolidWorks
  - **accesscode_CRO** for Creo.
  - **accesscode_CAT** for Catia.

EVALUATION

- The precision of the submissions will be considered for evaluation.

- Remember that the time you took to complete will be considered to your advantage.

- The files of **Round 2 and 3** must be in this format.

REWARDS:

- Everyone who got qualified for the first round will be awarded a participant certificate.

- The top scorers among others from round 3 will be awarded Certificates of Merit and Cash prizes.

We hope that you feel happy being a part of this event. If you have any queries, feel free to contact us at any time!
